

It Happened TODAY

U.S. Affairs

Shake-up within the Republican national committee was just around the corner as leaders sought a face-saving method of ousting chairman Hugh D. Scott, Jr. It has long been felt by many Republicans that Scott was largely responsible for Dewey's loss.

People

President Elpidio Quirino, president of the Philippines, paid a surprise visit to Baler in central Luzon and unveiled a monument marking the birthplace of Manuel Quezon, first Philippine president.

John Voorhees, retired Winnipeg winemaker, is drawing crowds at the Toronto National Hobby exhibition with his "paintings" made of human hair. At first glance the pictures resemble ordinary paintings but examination discloses they are composed of thousands of tiny particles of hair—each less than a quarter-inch in length—glued to a glass backing.

World

Poland has sent Britain a note protesting the stopping of the war crimes proceedings against German generals Gerd von Rundstedt and Adolf Strauss. Britain told Poland in June the two generals were not well enough to stand trial.

Ana Pauker, Romania's Communist foreign minister, said that same powers that armed Hitler before the last war, planning for him to fight Russia, are inciting Germany to join them for the same purpose. She did not name the powers.

Burmese government troops have recaptured Myingyan, important railway 300 miles north of Rangoon. Town had been held by rebels who deserted the White Band, People's Volunteer Organization.

Egypt has expressed opposition to a French disarmament pact on the grounds it does not include the atomic bomb. Brig. Gen. Mohammed A. Bey Khalifa of Egypt, expressed this to the joint committee of the United Nations committee on conventional armaments.

Britain

John Kenney, new chief of the Marshall Plan mission to Britain, thinks Britain's dollar plight is "in no sense a hopeless one."

British Conservative party, having rejected the idea it can regain power by waiting for Labor to finish the ball, will end its wait next action next week. Winston Churchill, at 74 still the opposition leader and most arresting figure, will make the party's aims and purposes his principal theme in a Wolverhampton address July 25.

The Nation

Federal Government's plan to end the Canadian fishing industry will be discussed with fishermen of the four Maritime provinces and Quebec during a 17-day tour to be undertaken by Fisheries Minister Mayhew and his top assistants.

Broad proposals of improving the economy of the Maritimes through changes in transportation policy were laid before the Royal Commission on transportation at Halifax.

Miscellany

Queen Juliana of the Netherlands has a letter of sympathy to the kin of the American aviators who died in the air crash at Bombay.

S. K. Krippland, Indian consul-general in San Francisco, has been appointed to replace Sardar Harjit Singh Malik as Indian high commissioner in Canada, announcing the Indian ministry for external affairs. Sardar Malik recently was appointed India's ambassador to France.

Mother Nature has taken care of the wheat storage problem in the southwest United States by sharply cutting the yield. Touted bumper crop turned out to be the crop that wasn't there. And neither was the storage problem. There is less wheat on the ground than there has been in the past ten years and some of the temporary storage is going begging.

A South American type of wasp build large nests, sometimes three feet in length.

Poor Crops Face Sask., Alberta

Alberta Hardest Plagued By 41% Below Normal Rain

OTTAWA, July 13.—(CP)—Saskatchewan and Alberta, plagued by a long dry spell, face below-average crops this summer. Manitoba, hit less severely by drought, can expect good crops, the Dominion Bureau of Statistics said yesterday in its weekly crop report.

Many parts of Saskatchewan and Alberta will have grain yields of less than 10 bushels to the acre, the bureau said.

Rainfall in all three provinces has been below normal during the growing season—11 per cent below normal in Alberta, 19 per cent below normal in Saskatchewan and 11 per cent below normal in Manitoba.

SOME CROP FAILURE

Grain crops in southwest Saskatchewan will be "very light and have a complete failure," the bureau said. In the southeast corner of Alberta, crops are beyond help. Worst off is the wheat crop in the north of a 200-mile line from Coutts on the United States border north to Stettler and Leduc. Located in mid-way between Calgary and Edmonton. Around Hanna, in east-central Alberta, crops are expected to average only from five to 10 bushels an acre. Near Edmonton all crops are in the worst condition in years.

SOUTHWEST SASK. POOR Some 22,000 square miles of Saskatchewan in the extreme southwest was hit. In this area, 60 per cent of the wheat fields will yield less than six bushels an acre, the bureau said. Crops in four shapes in ranching areas but adequate feed supplies are on hand.

Crop prospects are good in southeast Saskatchewan and fair in other sections of the province.

Manitoba reports good crops near the U.S. border. In this area, 60 per cent of the wheat fields will yield more than six bushels an acre. In the rest of the province still need rain and crops are deteriorating in south-central districts near Morden. Local hail damage is reported in several central Saskatchewan districts and in Alberta, some 30,000 acres were hit by hail. The estimated damage ranging from 10 to 30 per cent.

Top Finance Experts Tackling Urgent Job

LONDON, July 13.—(CP)—Financial experts of the commonwealth today tackled the urgent job of guarding the sterling area's dwindling dollar pool.

Representatives of seven countries and Southern Rhodesia are meeting to see what can be done to ease the sterling area's more gold and dollars and save what it can left.

The delegates today are to draw up a program of work for the sterling area which is expected to last at least a week.

EYE ON WASHINGTON

They will be deliberating with an eye on another very important conference set for some time in September in Washington. In view of this a treaty's spokesman said last night that no hard-and-fast decisions are to be expected.

The sterling area is the currency group which takes in all countries of the British commonwealth, except Canada, and also includes Burma, Ireland, Iraq and the Republic of Ireland. Britain is its leader.

The sterling countries need dollars to buy essential goods they can get in sufficient quantities only from the dollar countries.

COMMON POOL

They draw on their common gold and dollar pool to pay for any such goods they can't pay for by exporting to those countries.

So the commonwealth ministers will have to figure out how to fit two policies together:

1. Less trade with dollar countries; more trade with the sterling area.

2. More trade with the world as a whole, less restriction on trade to such blocs.

Bowling dates at least from the 14th century and was introduced by the Germans.

NEW PET CRAZE STRIKES

Hankering After Fame? Just Snag a Dobson Fly

Ever since that three inches of ugliness with a six-inch wing spread was picked up at Dorval airport things have been happening.

Before and after its identification, pictures of the hideous DT-bug have made many Montrealeers shudder.

But the smart thing nowadays is to own one, if you can catch it. John Dwyer, an aircraft inspector, took the Dorval winged visitor home for his young son's circus. Unfortunately the Dobson fly died from unsanitary pokings of

BARUCH SCORES unpreparedness in address at 25th anniversary graduation exercises of Industrial College of Armed Forces. He charged President Truman's failure to come up with industrial war mobilization plan is needless invitation to disaster. With Baruch (centre) are Maj. Gen. Arthur W. Vandam, USAF, commandant of the school, left, and Gen. Dwight D. Eisenhower.

Stampede CNE Visit Said Most Unlikely

TORONTO, July 13.—(CP)—A suggestion that the Calgary Stampede be brought here for the 1950 Canadian National Exhibition fell wide of the mark last night.

Controller Allan Lampert made the suggestion in a telegram sent to Mayor Hiram McCallum, who is attending this year's Stampede in Calgary. He said it would give the fair a Canadian grandstand show.

HARD TO MOVE

In reply, the Mayor's secretary, P. C. Hamilton, said the grandstand stage show in Calgary and all the talent are produced by a Chicago company and that the Stampede would be difficult to tie in with the CNE.

Controller Lampert said in his telegram that the Stampede is the finest show in the world. "On the question of Canadianism, I am sure we see eye to eye," he said. "The Stampede is a show that symbolizes the finest in western talent and Canadianism in this country, namely the Calgary Stampede, where you now are being so graciously entertained."

An announcement by you in Calgary will signify the end to the people of Toronto and Canada that you are ready to go full out on the program of Canadianism."

Officials Flattered

CALGARY, July 13.—(CP)—Officials of Calgary's wild and woolly Stampede said last night they are "flattered" at a Toronto suggestion that the Stampede be taken to Toronto in 1950 or 1951 as a grandstand attraction at the Canadian National Exhibition.

In all likelihood, however, Torontonians will have to travel to Calgary to see the big western show. In Calgary, Mayor McCallum said he had no immediate comment to make on Mr. Lampert's suggestion. He said he would discuss the proposal with members of the Calgary Exhibition and Stampede Ltd.

TERRIFIC EXPENSE

Stampede officials would make no official comment until they had heard the suggestion over more fully.

However, a number of officials said they didn't think it would be possible. They said expenses involved in moving the show to the east would be "terrific." Also, they doubted that itineraries of professional cowboys would allow them to attend the Toronto Exhibition.

Officials also pointed out that the only all-Canadian major event at the Stampede is the chuck-wagon races. United States professional riders make up 90 per cent of the entry list in other events.

Bulk Sugar Buries Middle-Aged Worker

MAYMONT, Alta., July 13.—(CP)—A middle-aged worker at the sugar factory here was buried alive under tons of bulk sugar yesterday.

John Kaesh, about 36, suffocated when a pile of bulk sugar he was shovelling in a large bin cascaded down on him. An employee had warned him that the sugar was in danger of sliding down on him but he continued shovelling. He is believed to have died instantly.

Canada Music Symposium Gives Composers Break

By Val Sears

VANCOUVER, July 13.—(CP)—An energetic step toward a Canadian musical nationalism was taken here today with the announcement of the Dominion's first "Symposium of Canadian Music."

Sponsored by Vancouver Arts Council and Vancouver Symphony Orchestra, the symposium is designed as a sounding board for the best compositions that Canadian musicians have to offer.

Jacques Singer, Vancouver Symphony conductor, is enthusiastic about the program's possibilities. "Canadian artists who have had great difficulty in having works performed will be able to submit their compositions to the symposium and give the public a chance to hear something of the country's musical potential," he said in an interview.

"If we can make the program a success in the musical field there is no reason why it shouldn't become an annual festival embracing all the cultural arts."

Tentative dates for the three-day program are Feb. 13, 14 and 15.

TO INCLUDE ALL Works from Canadian composers such as John Wenzel, whose symphony poem "Steel Bonds" has received much attention in musical circles, Claude Champagne, Barbara Pentland and Clement Pepin are expected. Mr. Singer said. The symposium will include choral, symphonic, chamber and string ensemble works, interspersed with forum periods when composers will outline the inspiration behind their music and its technical development. Canadian artists, instrumental and vocal, will be invited to attend and perform the compositions. Smaller concerts of chamber music for quartets, quintets, sextets and solos will be climaxed with a concert of symphonic entries by the Vancouver Symphony Orchestra conducted by the composer or Mr. Singer.

Government To

Initiate Big X-Ray Survey

Thousands of Indians in Alberta, the Yukon and Northwest Territories are being X-rayed this month for tuberculosis as part of a continuing drive for the detection and elimination of the disease in Canada.

In addition a substantial percentage of the white population in the remote sections of the Territories will receive the free medical service while mobile X-ray units are in the areas.

The mass X-ray program will centre in the Charles Camell Indian Hospital here.

During the month, surveys are scheduled for the Hobbie Indian agency and for the Saddle Lake agency in the eastern part of Alberta.

SECOND UNIT

A second X-ray unit will go into the Yukon territory. Arrangements have been made for moving X-ray equipment by boat along the Yukon river and by air to Dawson City and Mayo Landing.

A third X-ray unit will go to the Great Slave Lake area to X-ray all the Indians in the Fort Resolution agency and the entire population of the Yellowknife settlement. Arrangements for providing tuberculosis X-rays for the white population in the North West Territories were worked out between Indian Health Services and the Northwest Territories Council and the Yukon with the Yukon Territorial Government.

Details of the program were developed under the direction of Dr. E. L. Stone, medical superintendent for Indian Health Services in Alberta and the Northwest Territories, and Dr. H. Metzger, medical director of the Charles Camell Indian Hospital.

Every effort will be made to provide early and effective treatment for all cases of tuberculosis discovered by the mass surveys, said the department of health in Ottawa.

Already completed are mass surveys on the Sarcee reserve just outside Calgary and on the Blood reserve at Cardston.

Mobile X-ray equipment also was sent with the new Athabasca river travelled down the Athabasca River and visited settlements on Lake Athabasca.

By the Staff

OFF ON VISIT

C. E. B. Gundersen, Danish vice consul for Edmonton, is leaving the city tomorrow for an extended visit to the United States and eastern Canada.

During his absence consular work will be looked after by E. Skarin.

HOTEL NEWS

News on the proposed extension to the Macdonald hotel may be forthcoming at the end of the month.

Mrs. Robert Somerville, wife of the general manager of CNR hotels, arrived in Edmonton today en route to Jasper, where she will spend several weeks holidaying.

Mr. Somerville left Ottawa today for the Maritimes, she said, and will be there for about a week.

Following his return he plans to come to Edmonton and should be here in about two weeks time.

His plans for the western trip were very indefinite. Mrs. Somerville said but she thought it likely that he would confer with officials here regarding the hotel extension.

More Building

Garage, show rooms and office building costing \$15,000 will be erected on property on 82 avenue east of 94 street by Alward J. Larson and Joseph H. Stille, 9605 82 avenue, owners of the property. Land was purchased from city for \$455.

JACK OF MANY trades G. F. Dochterman, 13505 Jasper avenue, has radio as his first love. Shown with transmitting and receiving set in his car, Dochterman assisted during E.C. floods last year by loading his auto on barges and flooding in to flood-isolated districts where his radio set was only means of communication.

Cross-Canada Handy Man Believes Edmonton Tops

By Dick Sherbanik
Bulletin Staff Reporter

THEY SPARK, PARK, TAKE NOVEL DIP

What could be more normal than to take a nice cool dip in the river on a hot night?

One young couple sparking in a car on the river bank by the municipal golf course last night had a new version.

They plunged in car and all.

Apparently they thought better of it before it was too late because a tow truck was able to effect a rescue.

City police investigated and have reason to believe the couple were drinking but it is not expected charges will be laid.

Ure to Open New Vet Lab

Addresses of leaders in agriculture will feature official opening Thursday of the new Alberta Veterinary Laboratory at the University Farm.

Annual meeting of the Alberta Livestock Co-operative Limited will be held in conjunction with the ceremony.

With meetings scheduled for Thursday and Friday at the IOOF hall, 100 street, delegates will attend the laboratory opening at 2:30 p.m. Friday.

ARE TO OFFICIATE

Officiating at the ceremony will be Hon. David Ure, minister of agriculture. Chairman will be O. S. Longman, deputy minister.

Speakers will include Hugh W. Allen, president Alberta Livestock Co-operative Limited; Dr. R. D. Sinclair, dean, faculty of agriculture, U of A; Dr. M. R. Bow, deputy minister of health; Dr. F. J. Ratnay, Alberta Veterinary Association; and Dr. E. E. Ballantyne, director, Veterinary Services.

One hundred pounds of wheat yields 70 pounds of flour.

BANFF SETTING was picked this year for annual meeting of Society of Industrial and Cost Accountants. Snapped as they enjoyed mountain breezes last Saturday are, from left in front, J. B. Whelihan and George Perring of Edmonton, and in rear, H. N. Moore, E. L. Heggie and J. D. Clark of Regina. Mr. Whelihan was elected honorary secretary of society.

City Carpenters Win Pay Boost

7 1/2-Cent-An-Hour Increase Gives Highest Prairie Rate

Edmonton construction workers continued to be among highest paid on the prairies today.

And labor relations are among best in the dominion.

It was announced today city carpenters have been granted a seven-and-a-half cent per hour wage increase, under terms of an agreement signed yesterday.

Agreement was reached between Edmonton Builders Exchange and United Brotherhood of Carpenters and Joiners of America, local 1323.

\$1.47 1/2 PER HOUR

Under terms of the agreement, carpenters will now receive \$1.47 1/2 per hour, retroactive to April 1.

Old rate was \$1.40 per hour. Negotiations had been underway since February to reach an agreement before expiration of the 1948 agreement on March 31.

Union men asked \$1.25 per hour. No agreement was reached and a board of arbitration was appointed. Board awarded the seven-cent hourly increase retroactive to April, but recommended the hourly rate be \$1.40 per hour.

Payment impractical in the construction industry.

Builders Exchange, an association of city contractors, refused the recommendation but accepted the 7 1/2-cent award.

ACCEPT RECOMMENDATION

Union members agreed to accept the recommendation, but since it appeared deadlock has been reached, called a meeting to decide on taking the 7 1/2-cent increase or apply for a strike vote.

Union men said they would not make an issue of the trifling amount involved, the award would be accepted.

Thus, the union has negotiated with employers for 40 years without ever resorting to strike action.

"The union is proud of this record and of the splendid relations," union secretary W. G. Stanton told the city.

The union had asked for a 15-cent wage increase to \$1.55 per hour.

Nevertheless, the \$1.47 1/2 rate makes city construction workers the highest paid on the prairies. B.C. rate is \$1.55.

CALGARY FAVORS STRIKE

Union carpenters in Calgary asked for \$1.55 an hour and, when awarded \$1.50 per hour plus pay for three statutory holidays, called a strike vote.

Majority of workers favored striking, but no action has been taken as yet.

In the meantime, construction work in Calgary will be slowed down for two weeks holiday time, and is expected negotiations will continue later.

Earlier this summer, other city laborers received pay increases.

SCENT INCREASE

Members of the International Hodcarriers, Builders and Common Laborers of America, local 92 received a 5-cent hourly increase in wages, bringing the rate to 95 cents per hour.

Increase made them one of the highest paid, laborers' groups in Canada.

B.C. workers get \$1 to \$1.10 per hour on sliding scale basis.

Official Count Gives Margin To Solon Low

Re-election of Solon Low, national Social Credit leader, in a close contest in Peace River riding was officially confirmed today by C. J. Schurter of Slave Lake, turning officer. The official count showed Mr. Low polled 280 more votes than his closest opponent, C. Carignan.

Following is the complete count including the service vote which also is bracketed:

Carignan, L., 7,407 (28); Low, R.C., 7,727 (19); Macklin, 3,206 (2); Williamson, P.C., 1,548 (2).

In the 1945 election Mr. Low had a majority of 2,810 over the Liberal candidate who ran second.

Girl Given Jail Term

Pretty, 23-year-old Gaylene Fraser of Edmonton was sentenced to six months in jail in police court here today on each of nine charges of false pretences.

Terms will run concurrently.

Subbing quietly, the smartly-dressed, blonde girl admitted passing worthless cheques totalling \$108 in city stores during the latter part of June and early July.

Detective Frank Kingly told the court the girl was given one year's suspended sentence in Calgary on a similar charge in April.

She was charged with passing Canadian Women's Army Corps until it was discovered she was under age.

He told her, "Alberta is way ahead of any other province."

Variety Spices Series Of Overnight Thefts

Old proverb, "variety is the spice of life" was the keynote for city thieves who recently picked up cash, billiard balls, wrist watch, an auto, and 16 gallons of gasoline in overnight sorties here.

A friendly visit to a city beer parlor cost Bernard Cox \$40. He reported to police that on Saturday afternoon he lost his wallet containing \$90 in a beer parlor.

His wallet was later returned minus \$40.

Pool playing thieves entered Cromdale Billiard Rooms, 118 avenue and 80 street, and made off with five sets of billiard balls and cigarettes. Investigation revealed that entry was made on night of 11 or 12 of July through a rear alarm door which had been forced.

GUESTS SUSPECTED

Guests of Eliza DeGauria, City Rooms, are suspected of having stolen her 17 jewel, while gold wrist watch sometime Tuesday afternoon.

A 1941 Chevrolet black sedan owned by G. Bulz 11905 50 street was reported stolen yesterday from 100 street north of 100 avenue. Theft occurred between 12:30 and 1:15 p.m.

M. J. Zakavick, 11702 87 street, reported theft of 16 gallons of gasoline siphoned from his truck parked at his home during night of 11 or 12 of July. On previous occasions gas thieves had stolen up to 40 gallons of gasoline from same truck.

Stomach Sufferers! Square Off To A Square Meal!

Thousands of sufferers like you, who've had to go on "canary diets" because of after-eating distress, now eat heartily, sleep soundly and feel better than they ever did—all due to Hy-Pa-Cids Tablets.

Soothing, comforting help with two or three loaves of Hy-Pa-Cids, they tell us! And frequently the condition causing distress completely relieved after a few loaves of Hy-Pa-Cids are a medicine—they taste like medicine—no merely after-dinner mints. They're a carefully compounded prescription made by a leading Canadian Drug House especially to safely and quickly relieve distress caused by indigestion, heartburn, gas, acid, and other stomach troubles. They put a protective coating on the stomach wall to prevent further formation of acid from causing distress and pain.

Try Hy-Pa-Cids Tablets—join the ranks of thousands of former sufferers from stomach trouble and ask for Hy-Pa-Cids at your druggist's 24 tablets, \$2.00.

ELK ISLAND PROGRAM ARRANGED

A special program has been arranged by the cultural activities branch of the department, economic affairs and is to be presented at Elk Island Park on Sunday.

The afternoon program will consist of a group of Highland dancers under direction of Mrs. Butler (Betty Cairney), followed by a recorded concert of works of George Gershwin in the early part of the evening.

At 9 p.m. the National Film Board will present a number of shorts and a feature film entitled "The Cowboy's Case" taken from the files of the RCMP.

Northern Transportation Company Ltd. has announced dates of final seasonal ship movements to the north.

All shipments for Yellowknife should be delivered to the company at Waterways not later than September 8.

Company boats will be leaving Fort Smith on August 10 for their last trip to points north of Fort Norman, on the Mackenzie river.

All shipments for Fort Good Hope, Arctic Red River, Ft. McPherson, Aklavik, Government Reindeer Station, all intermediate points should be delivered to the company at Waterways not later than August 4.

Shipments for Fort Resolution, Hay River, Fort Providence, Fort Simpson, Fort Wrangle, Fort Norman and Great Bear Lake (Port Radium) must be at Waterways not later than August 18.

Shipments for points north of Waterways and as far north as Fort Smith should be delivered at Waterways by September 15.

Julius Caesar invented the system of one-way streets.

Boy Bandits Are Remanded On Auto Theft

Edmonton's "boy bandits" who escaped from the Optimists' South Side Boys' Home July 5, appeared in police court today on two charges of auto theft.

They were remanded until July 21 when it is expected they will face several other charges.

Pair were captured in Banff last week.

One escaped in Calgary and was captured in Edmonton Sunday night in the act of breaking into the premises of Victoria Service Station, 11206 Jasper.

Slender, fair-haired boys, who have their ages as 15 and 17, they looked more like 12-year-olds as they peered over the top of the prisoner's box in the court.

They appeared slightly frightened and chastened and did not look like the "pair of young daredevils" trying to challenge the world as they had previously been described by a serving probation officer D. R. McNaughton.

They are wanted in connection with a minor crime wave extending from Vancouver to Edmonton.

Parking Tolls Reach New Peak

Edmonton motorists paid \$36,082.34 for parking privileges on city streets during the six months period ended June 30.

June payments were the highest of the six months, with \$7,016.87 being paid into parking meters.

During May a total of \$6,622.85 was paid for parking, and \$6,612.62 in April.

Ex-Chuck Wagon Champs Race to Photo Finish

CALGARY, July 13.—(CP)—Two former champion-chuck wagon teams raced to a photo finish in near-record time during the second night's running of the rangeland derby at the Calgary Stampede last night.

The Johnny Phelan outfit of Red Deer, Alta., and the Jack Lauder crew of Winfield, Alta., crossed the finish line together in one minute 12.5 seconds. Their time was just 1.2 seconds short of the track record, set in 1940 by Tom Lauder of Elmore, Alta.

Last year's fastest time of one minute 12 seconds was set by Slim Fenton of Cochrane, Alta.

The chuck wagon of Tom Dorchester of Ma-Me-O overturned in the sixth heat as the teams were rounding the barrels. Dorchester, who was driving the wagon, said his horses ran into an outrider just as the team was completing the figure eight.

The wagon tipped over on its side, and Dorchester was thrown off and rolled into the centre of the track.

The horses continued around the backfield, where the outriders righted the wagon and completed the circuit.

OUTRIDER INJURED
Chick Coelen of Cochrane, Alta., an outrider with the Johnny Swain wagon from Innisfail, was kicked by the lead horse of the Jack Fenton wagon as he was mounting his own horse at the start of the ninth heat.

best and was rushed to hospital. Full extent of his injuries are not known but he was reported in "fairly good" condition.

Other results last night were:
2. O. Pearson, Morningstar, Alta., 1:31.1; 4. R. S. Herberling, Rosebud, Alta., 1:31.2; 5. Willard and Nelson, Queenstown, Alta., 1:34. 6. Buckhorn Ranch, Pincher Creek, 1:42.7; 7. Slim Fenton, Cochrane, Alta., 1:44.4; 8. Bill Greenwood, Elmore, Alta., 1:44.1; 9. Tom Lauder, Elmore, Alta., 1:44.1; 10. Pete Peters, Delburne, Alta., 1:44.1; 11. Haley Waggonbach, Gadsby, Alta., and Jack Gill, Gadsby, 1:47.2 (tied).

BUENOS AIRES, July 13.—(AP)—Argentina has removed price controls in effect since 1943 on milk, edible oils and soap. Supplies of the three commodities now are adequate to meet demands.

Science Probes Arctic Secrets

Snow Encrusted Wrappings Of Canadian North Lifted

By Jack Aveson

WINNIPEG, July 13.—(CP)—The secrets of the Canadian Arctic are being torn from their snow-encrusted wrappings this summer by a host of investigators whose number is as great as their missions are varied.

Coming under official scrutiny are such diverse matters as the type of life existing on previously undiscovered islands, the mystery of a beaver-killing disease and the exact whereabouts of the magnetic pole.

A bearded veteran of the Arctic, T.C. Manning of the federal mines and resources department's geographic bureau, last month headed a party of seven Canadian scientists to explore two large islands in Foxe Basin discovered last July by the RCAF.

APPEAR BARREN

Lying west of Baffin Island, the new lands appeared barren and ice-infested when viewed from the air. The Manning expedition will determine what vegetation and animal life exists and study geographical aspects of the islands.

Three scientists and seven air-crews, headed by Ralph D. Hutchinson of Toronto, member of the Dominion Observatory's magnetic division, are off on another mission. Their assignment is to determine the exact location of the magnetic pole, believed to be on Prince of Wales Island about 2,000 miles north of Winnipeg.

The expedition, sponsored jointly by the federal resources department and the RCAF, is expected to take about eight weeks. A record already is in sight for the group, their Canoe aircraft being scheduled to fly further north than any water-landing type plane has in the past.

HEALTH, FISHERIES, TOO

Dr. Malcolm Brown of Kingston, Ont., is in charge of a seven-man medical expedition from Queen's University studying the health and ailments of people living in northern latitudes.

Scientists of the fisheries research board, meanwhile, are off on another task, resuming an investigation into fisheries of the eastern Arctic begun in 1947 in Ungava Bay off northern Quebec. One of their objectives is to determine how marine sources can best aid the Eskimos.

In the western Canadian Arctic Dr. Douglas Leechman of Ottawa, archaeologist with the national museum, is working on a vastly different project. He is travelling along the Alaska highway searching for traces of early Indian migrations from Siberia. Tools and weapons made from flint already have been found, suggesting a migration extending from Dawson in the Yukon to Calgary.

BEAVER MALADY

A trapper biologist for the Ontario lands and forest department, G. A. Eisey of Toronto, is wondering what mysterious disease was

reported this spring to be killing off northern Ontario's beaver population. He started a six-week treaty trip in late May, determined to gain information about the strange malady.

Another expedition involves 22 university students from eastern and western Canada, operating out of Churhill, Man., under sponsorship of defence research northern laboratories, a section of the national research council. Arctic travel and equipment form the basis for their operations.

MAPPING RECORD

Even the northern lights are being investigated this summer. A mobile radio experimental station, enclosed in a railway car, is moving slowly up and down the Hudson Bay Railway, charting the effect of auroral disturbances upon radio reception.

Most widespread project of them all, aerial photography of the northland is being continued this year by RCAF photo squadrons. Last year 911,000 square miles were mapped. This year the objective is 950,000 square miles, an all-time high.

Return Starts For Leschenko

WINNIPEG, July 13.—(RUP)—Dimitry Leschenko, self-confessed Russian agent, left here for Halifax yesterday under guard on the first leg of his return trip to the British zone of Germany.

Leschenko's appeal against a deportation order was rejected Monday in Court of Kings Bench.

There appeared little chance there would be a last-minute appeal to stay his final deportation. His lawyers had indicated they would petition the governor-in-council if the appeal before the court of Kings Bench failed.

They said yesterday, however, that this would be virtually impossible in the light of the announcement that Leschenko was being taken to Halifax.

Leschenko entered Canada one year ago posing as a displaced person. He worked for the Canadian Pacific Railway in Banff and Calgary. He was arrested in Calgary as an undesirable immigrant and confessed that he had been a Russian intelligence agent in the western zone of Germany.

Immigration officials said he would be held in custody at Halifax until put aboard a ship for Germany.

Montreal Tops Costs Advance

OTTAWA, July 13.—(CP)—Montreal topped the field in general cost-of-living advances by eight Canadian cities during May. The Bureau of Statistics reported yesterday.

On a general basis the cities averaged a one-point advance from 158.2 at May 2 to 159.2 at June 1.

Seasonal increases for meats and vegetables were mainly responsible for the regional climb in all eight cities. There was some scattered advances by clothing miscellaneous items but in most centres prices of home furnishings and services showed a decline.

ALL-TIME PEAK

The regional index is calculated on the basis that prices in August, 1929, equalled 100. The national index, based on 1953-59, equals 100, was at an all-time peak of 186.5 at June 1.

Montreal prices advanced 2.9 points, Saint John, N.B., 1.2 points, Toronto, 1.1, Halifax, one point, Vancouver nine-tenths of a point, Winnipeg, seven-tenths of a point, Saskatoon, eight-tenths, Edmonton, seven-tenths.

The regional cost-of-living index at June 1 with comparative standards for June 1, 1948, in brackets: Montreal, 164.6 (158.2); Saint John, 157.2 (152.3); Toronto, 156.1 (151.6); Halifax, 155.4 (149.1); Vancouver, 154.6 (154.3); Winnipeg, 152.5 (145.6); Saskatoon, 152.5 (151.2); Edmonton, 155.8 (149.0).

Rail Porters Seek Raise

MONTREAL, July 13.—(CP)—Representatives of the International Brotherhood of Sleeping Car Porters, AFL, meeting here yesterday, decided to seek a seven-cent-an-hour wage increase, a 40-hour week and other improvements in working conditions.

Present basic hourly pay is 95 cents.

Union representatives will meet here tomorrow with Canadian Pacific Railway officials to discuss the proposals.

Nearly 1,000 porters are affected by the proposed agreement.

Delegates attending today's conference included representatives from Vancouver, Calgary, Winnipeg, Toronto and Montreal.

Function of the Edmonton Creche

There are times when some arrangement must be made to look after young children. It may be because of sickness in the home, or a working mother in a home where there is no father, or other emergency that compels parents to leave their children cared for temporarily.

It is to help in such cases as these that the Creche and Day Nursery Society functions. It is open daily from 7:30 a.m. to 6:00 p.m. except Sundays and holidays and its facilities are available to everyone.

Children are served a full course hot meal at 11:00 a.m. and lunch at 2:00 p.m. They are divided into groups for play and kindergarten activities according to their abilities and aptitudes, and special attention is given to children who have difficulty adjusting themselves to group activities and sharing.

Children from 2 weeks of age to 6 years are accepted at the Creche.

By the very nature of the care and training children receive, the Creche serves a double purpose. It relieves parents of care of children in an emergency and familiarizes the child with pre-school training as well as permitting normal development.

The Edmonton Creche makes only a small charge for this service. Operating expenses must be met in other ways such as a share of your contribution to the Community Chest of Edmonton which helps support the Creche. —Adv.

Time Out

By Dick Beddoes

SHOOTER OUT-ANDERSON IN

It may be going a trifle far to say that the Eskimo football club has appointed a successor to secretary-manager Joe Shooter.

But when Joseph resigns from the post later this month Al Anderson is likely to replace him.

Anderson, past president of Edmonton Athletic Club, is highly regarded in football circles as being a capable sports executive. For that reason he is odds-on favorite to fill Shooter's shoes.

The fresh-tongued Shooter has a flourishing law practice which apparently requires all his time. And for some time now there has been agitation for someone else to handle his chores.

Before Shooter benches himself from the managerial job he hopes to have Andy Marefos, veteran centre in American pro ranks, signed, sealed, and sewn up for the Eskimos.

Then he can retire to his sub-pens and maybe of the tubes to some of those name brands which he imports from the states to western Canadian dance halls.

WALKER GOING EAST

Pat Walker, best of the track and field athletes currently campaigning for the Edmonton Polar Bears, will represent this city in the British Empire Games trials in Toronto this week-end.

Yesterday several local business houses contributed the necessary cash (\$500) to fly Walker to the trials. Among the firms chipping into the "Walker Kite" were Eaton's, Hudson's Bay, North West Industries, Birks and Woodwards.

Polar Bear coach Gordon Higginson also hopes to dig up some dollars and cents to send Grant Martin to the trials. The 19-year-old Martin is a javelin and broad jump artist and been near the top in those events at various Alberta meets this summer.

The pair were scheduled to leave at noon today for a crack at the best which the Canadian track and field blood contains.

THREE DOT STUFF

City midjet baseball playoffs commence at Diamond Park this Friday, featuring Clegg-Care Cards and Maple Leaf Athletic Club Indians.

The Cards cleaned up the central division of the midjet loop while Bill Lupul's Indians ran away with the Maple Leaf section.

Ted Sharum, city haberdasher, has donated a handsome trophy to the winning team and will present prizes to players on that team.

Second and third games of the series are billed for Renfrew Park, courtesy of J. Ducey.

The aforesaid Pat Walker will be proclaimed track aggregate winner of the Edmonton Highland Games in a forthcoming committee room race of the Games executive.

Seems that Lyle Garbie, Calgary boy who was first decorated aggregate champ with 22 points at the July 1 meet, entered in the 440 yard event in both the open and under 19 classes.

Such action violates a Highland Games rule forbidding a competitor to enter another class when he has competition in his own division and will log five points off Garbie's total.

Walker amassed 18 points and in the revised tabulations that figure tops Garbie by a single point.

Expected to join the Eskimo football club before fall training on August 1 is Leo Blum, former guard with Hamilton Tigers.

He goes 6 feet 105 pounds in the vital statistics department and is 24 years old.

Harry Hobbs is the lone budding benedict on the Eskimo roster.

The one-time University of Alberta gridiron star will marry Dorothy Uddin in Deer this Saturday.

Pennant drive pitching strength may be provided for Eskimos (baseball) by the Donkey.

The Esk blower of 1947 skunked out with the club last night.

It is understood that catcher Ralph Kortgaard, Calmar kid currently on the Eskimo injured list, will be out of action for the remainder of the week.

Puritys Strengthen Pitching Corps

CALGARY, July 13 (CP) — Puritys currently holding down third place in the Big Four Baseball league have announced signing of a new hurler. He is Doug English from Victoria.

English stands six feet, two inches and is reported to possess a dazzling fast ball.

LOCKER IS EMPTY

Waitkus an Absentee As All Stars Clash

BROOKLYN, July 13 (AP) — The locker marked "WAITKUS" was unused in the National League All-Star dressing room yesterday.

Phillies' star first baseman didn't make it. Eddie was shot in a Chicago hotel room last month by a crazed girl admirer.

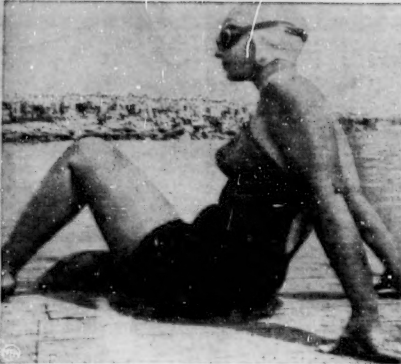

At the time, he was the fans' No. 1 choice for first base on the National League team.

When manager Billy Southworth named the squad a week ago, he included Waitkus as an honorary member. For a time it was thought he would be here as a guest. But doctors felt he

still isn't strong enough to leave his Chicago hospital room, although reports of his condition have been favorable.

All-Stars used special bats of their own. Yesterday, marked "1949 All-Star game, Brooklyn." Many of them claimed them for souvenirs.

World champion Cleveland Indians hadn't a man in the starting lineup. Lefty Naps was the fifth inning before one made the grade. Joe Gordon, who replaced Cass Michaels of the White Sox at second base, was the No. 1 Cleveland man.

CHANNEL SWIMMER, Shirley May France, gets ready for practice splash as sizable galley at New Bedford, Mass., looks on. If she succeeds in swimming channel this fall, 16-year-old miss will be youngest person ever to have done so.

Maybe She Hums Cool, Clear Water

NEW YORK, July 13 (UP) — Sixteen-year-old Shirley May France hums while she swims, like a spring unwinding in a toy boat you can put in the water in one place and take out in another.

The statuesque high school sophomore is going to try to swim the English Channel Aug. 11. She said when she starts swimming she doesn't think about anything.

She doesn't worry and she doesn't get tired, no matter how many miles she swims.

"I just hum and swim," she said. "I keep my eye on my dad in the boat and he tells me when to stop."

FATHER'S DREAM

Shirley's swimming the Channel — the ambition of swimmers all over the world — will be the fulfillment of her father's dream — not hers. But she doesn't mind.

As he sat in shirt sleeves, with collar up in his hotel room there was no doubt in his mind that there would swim the Channel. And there was no doubt in her mind that she could if he said she could.

J. Waiter France, a tall, red-haired, muscular service man for a fuel oil company in Somerset, Mass., was something of a swimmer himself.

My four children started swimming when they were about six years old. Shirley was the best because she was never afraid of water and had great stamina.

"When at 12 years of age, she knocked 30 minutes off my own record of nine miles in 12 hours for the Falls River single-marathon championship. I knew I had something."

When she was 13, she swam 33 miles in 24 hours at St. Clair, Mich. Then there her father began grooming her for the English Channel.

Shirley played with her pearl necklace while France and her high school coach Harry Boudakian, discussed her measurements.

"She is a better athlete than any boy I've ever had," said Boudakian.

HARD AS NAILS

"When her physical education teacher called her to my attention she was just a puny looking kid."

She was five feet eight and weighed 120 pounds. Her muscles were tight. She didn't have any fat. I put her on a proper calisthenics program and a diet. Now she is five feet 10 and weighs 158 pounds. She has more stamina and can do more leg lifts and sit ups than any boy in high school."

During last summer she won the annual Lake George long distance swimming meet, first woman ever to do so. She swam 17 miles in nine hours and 20 minutes.

"She stepped out of the water and said 'OKAY, dad bring on the Channel. I can whip it,' France said."

Puritys Strengthen Pitching Corps

CALGARY, July 13 (CP) — Puritys currently holding down third place in the Big Four Baseball league have announced signing of a new hurler. He is Doug English from Victoria.

English stands six feet, two inches and is reported to possess a dazzling fast ball.

LOCKER IS EMPTY

Waitkus an Absentee As All Stars Clash

BROOKLYN, July 13 (AP) — The locker marked "WAITKUS" was unused in the National League All-Star dressing room yesterday.

Phillies' star first baseman didn't make it. Eddie was shot in a Chicago hotel room last month by a crazed girl admirer.

At the time, he was the fans' No. 1 choice for first base on the National League team.

When manager Billy Southworth named the squad a week ago, he included Waitkus as an honorary member. For a time it was thought he would be here as a guest. But doctors felt he

still isn't strong enough to leave his Chicago hospital room, although reports of his condition have been favorable.

All-Stars used special bats of their own. Yesterday, marked "1949 All-Star game, Brooklyn." Many of them claimed them for souvenirs.

World champion Cleveland Indians hadn't a man in the starting lineup. Lefty Naps was the fifth inning before one made the grade. Joe Gordon, who replaced Cass Michaels of the White Sox at second base, was the No. 1 Cleveland man.

Before the game any player without a camera must have felt underdressed. All-Stars spent as much time taking pictures of each other as they spent in batting practice.

Ted Williams and Joe DiMaggio drew the loudest cheers during the American League hitting practice. But Eddie doesn't hit the most balls into the stands.

Agnes Nixon, who was in the dugout, parked three out of six into the left-field fence. Williams sent two over the right-field fence and DiMaggio had one over the left-field wall.

SURPRISE: N. METZ TO PILOT QUAKERS

SASKATOON, July 13 (CP) — Nick Metz, former National Hockey league star with Toronto Maple Leafs, has been selected to coach Saskatchewan Quakers of the Western Canada Hockey league, it was announced yesterday.

Club president R. H. Cantion said he received word from Conny Smythe, Leaf general manager, that Metz had been granted permission to accept the position.

It is expected that Metz will be a playcoach. Mr. Cantion also said that Leafs will sponsor a junior team here next season.

Woodenface On Way To Boyle Street

Hey, you kids at Boyle Street! Woodenface is on the way. He'll be with you tomorrow morning.

Here's your big chance to win a free-expense trip to Calgary with one of the Edmonton Big Four Baseball league clubs during the playoffs.

There are many more prizes to make it worth your while, too. Woodenface is a board with an opening the same size as the zone at which a pitcher would throw to a batter. Idea is to "fan" Woodenface before you walk him.

This morning Clarence Melby, Eskimo hurler in charge of the competition, visited the Borden Park district.

Another district playdown took place at Highlands yesterday morning, with 13-year-old Robert Johnson, whiffing Woodenface better than anyone else.

After the city's 17 playgrounds have been visited there will be sectional finals in east, west, and south Edmonton districts. Eventually the three sectional winners will square off in the final. Championship round will be run off prior to a Big Four league game at Renfrew Park.

August 5—South Side vs Westminster at Clark Stadium.

August 6—RCAF vs Westminster at Clark Stadium.

August 7—South Side vs Westminster at Clark Stadium.

Devine Asked Keep Esks' Kettle Boiling

'All eyes' will be on right-hander Jack Devine at Renfrew Park tonight. The big fellow from Saskatchewan is pro, ranks has drawn Eskimos' hurling assignment against Cubs, the local entries in the Big Four Baseball league being scheduled to complete their customary mid-week series.

It's an important assignment. Esks edged Cubs last night by a 7-6 count just about the time it appeared the Motormen were going to knock off their conquerors and further increase their league lead.

GOING UP

Victory moved manager Ralph Morgan's Eskimos within two games of the pace-setters. If Devine chokes in the series tonight, the struggle for top spot will be a keen one all over again.

Les Edwards, who decides such things for Cubs, who have drawn 'Om Paul Peterson if the muscleman of his staff is back on his pins again, the winnowing rule.

Last night's offering was one of the best the crowd saw. It was topped by Esk outfielder Jerry Seaman, after a slow start, coming fast to put the snafu on the hero role.

For several innings Seaman was all thumbs afraid. Sloppy in the first, he made a bad throw to a two-run lead in the first inning. And on several other occasions he was clumsy. He was just a little off his game.

However, he got straightened away finally and his efforts aided the Eskimos to a 7-6 victory. He was just a little off his game.

RIDING WITH HIS BRIDE at Lake Louise, high in Canadian Rockies, is Frank Tripucka, Notre Dame quarterback. He was an all-American last season. Both are from Bloomfield, N.J.

Box Score

EDMONTON BULLETIN, Wednesday, July 13, 1949

46-Year-Old Enters Trials

CALGARY, July 13 (CP) — One of Canada's greatest track and field athletes, George Sutherland, 46, of Edmonton, Alta., will compete in the British Empire track and field trials at Toronto July 15.

Should the 46-year-old athlete, who farms near Calgary, win a place on the team, it will mark the fourth time that he has won a world championship.

Mrs. Sutherland disclosed last night that her athlete-husband left last Sunday for Toronto to take part in the games.

His specialty is the decathlon and weights events. He set the Canadian decathlon record in 1932.

Texaco Coasts To 11-2 Triumph

Texaco Oilers whipped Ukrainian Canadian Canucks 11-2 in a quiet Senior 'B' baseball game played at Clark Stadium last night. The game was the 12th win in 13 league games for Oilers and failed to alter the standing.

Score was tied 2-2 going into the last half of the fourth inning. Then Oilers pushed two runs across to assume a 4-2 lead which they increased in all but one of the remaining four innings.

Long ball hitter for the winners was Jim Kineman who socked a home run with one on in the fifth inning.

Canucks' only run came in the sixth on a single by Al McVey. E. Emborg and D. Emborg.

East Sharp-Shooter Tops in Bisley Shoot

BISLEY CAMP, Surrey, England, July 13 (CP) — Officer cadet Gilmour Boas of Toronto, one of Canada's crack young marksmen, kept the dominion's colors high yesterday at the annual Commonwealth Rifle shoot.

He won the Donagall qualifier competition, ended in a two-way tie for first place with John Exchange, challenge trophy event, and was one of six Canadians who qualified outright for the second stage of the St. George's challenge competition.

Sgt. Frederick H. B. Wallace of Toronto waged a determined battle before he finally took second place in a Scotch marksmen in the Daily Telegraph and Morning Post event.

Boas, who finished second in the Governor-General's match at this year's Dominion of Canada Rifle association meeting, took the Donagall qualifier first prize in a shot-off against Lt. F. H. Joiner of Beckenham, Kent, England. Boas scored 24 against Joiner's 23. Each scored perfect 50s in 10 shots at 200 yards when the Donagall qualifier was fired Saturday.

Young Boas tied Chief Petty Officer C. G. C. of the Royal Navy with 143 out of a possible 150 in the Stock Exchange event, called a double rifle shoot.

He won 500 and 600 yards. They will shoot off today for first prize.

The Norwegians practiced whaling as early as the ninth century.

Junior Tennis Site Switched

Switch of venue of junior boys' and girls' singles tournament sponsored by Provincial Tennis Association, was announced yesterday.

Originally scheduled to be played at Sylvan Lake, July 16, the tournament, finals have been switched to Calgary. Officials of the tourney explained condition of court at Sylvan Lake made them unfit for tournament play.

All entries should be forwarded to William McLean, president, Alberta Lawn Tennis Association, Calgary, on or before July 14.

7-Run Spurge Downs Central

Roadside scored seven runs in a big second inning last night, defeating Central 12-8 in a juvenile girls community league football game.

Central 210 201 3-8
Roadside 111 200 8-12
Curtis, McLeod (4) and Burgess, Embury and Boyd.

ON SPORT

What's Your Brand of Marijuana?

The time is Sunday evening—of a July night in 1959. The place—Renfrew baseball park. Oh, not the Renfrew Park of today. Not by a long shot. For one thing the current shabby wooden grandstand has been replaced by a concrete-steel structure. A new fence encloses the playing field. What's more the whole is covered over with a plexi-glass roof. Let it rain and blow in 1959.

Who cares? And oh yes. This was almost forgot. The press box is located on the roof. For the first time in the modern history of the park the scorers can see what goes on around second base.

This is looked upon as a wonderful development. In fact park lessee John Ducey (somewhat stouter, as you can imagine) has labelled the innovation as "terrific".

"It only took me 13 years to put that press-box where it belongs," he is telling it proudly to two cities. But of course pressure on Mr. Ducey from outside has been great. Most of the heat has been put on him by the Baseball Writers of America.

They have become vitally interested.

Hollywood, Portland, Edmonton et al

You see, by this time, Edmonton is a member of the Pacific Coast Baseball circuit. It "happened" like this.

Finally tiring of lack-lustre promotion on the part of certain owners (specifically the men behind Chicago White Sox and St. Louis Browns) the American league had moved into Los Angeles and San Francisco.

This occurred in 1954, air-travel long since having licked the problem of quick trans-continental transportation.

For a season or two after this the Pacific Coast circuit, in casting about for satisfactory replacements for San Francisco and L.A., had settled on Vancouver and Spokane.

The way had been cleared when the Western International league had "freed" those two cities.

However, while Vancouver had taken to the P.C.I. brand of ball in grand style, the good citizens of Spokane stayed away in droves.

What's more it was soon decided that the city wasn't big enough to harbor a ball club in a Triple-A loop.

So Stanley Harris (then president of the Coast circuit) cast about for a replacement for Spokane.

And in all the west and northwest only Edmonton filled the bill.

A Metropolis, No Less

Edmonton to San Diego, farthest away of the Coast league centers, took a hop? Not any more. Supersonic air-traffic, to say nothing of even more advanced makes of airplanes, provided the answer.

Edmonton not big enough to compete with Portland, Seattle, Hollywood, Vancouver and the rest?

Why man, by 1959, the capital of Alberta has grown to a metropolis of 275,000. It is the air and oil centre of the continent.

World travellers who haven't been to Edmonton, at least for a stopover, haven't "seen nuthin' yet."

Seating capacity of the "new" Renfrew Park is 20,000. An up-to-the-minute lighting system has replaced the old one, installed in 1947.

In every other respect—even to a landing field for helicopters located out behind the centre field fence—Renfrew is a modern plant, as befits a modern city.

As our "story opens" it's a Sunday night, because, of course, the ban on Sunday night baseball long since has gone by the boards.

To top it off the Edmonton entry in the Pacific Coast loop is part of the far-flung Brooklyn Dodger farm system.

The Dodgers withdrew their support from Hollywood upon learning that Edmonton had been taken into the league.

A pleasant prospect for 1959? Certainly is.

Still, we had better butt this "weed" before we have us in the American league. That would be going too far.

A's to Quit League If Decision Stands

South Side Athletics voted last night to withdraw from the Junior Baseball league unless a recent league ruling is rescinded.

The ruling which was handed down last week-end concerns the July 6 game between South Side and EAC. In the last half of the seventh inning of that contest umpire George Wilson awarded the game to South Side when their EAC manager Norm Kimball refused to leave the field after being ordered to do so. South Side was leading 4-2 at the time.

Subsequently Wilson admitted he had been hasty in his decision and on that basis a meeting of team representatives voted to leave the game replayed from the seventh inning onward. The score was tied 2-2 at that point.

South Side manager Marvin Miller feels that since EAC were given a break in having the forfeiture removed his team should have been given the privilege of replaying the contest from where the infraction occurred. Under such an arrangement South Side would be leading 4-2.

However, in lieu of the fact that umpire Wilson admitted the infraction had occurred the team representatives voted unanimously to commence the game from the beginning of the seventh frame.

As yet Miller has not officially notified league officials of the South Side decision.

Dusak Experiment Working Out Fine

ROCHESTER, N.Y. July 13.—(AP)—A noble experiment conducted by manager Eddie Dye of St. Louis Cardinals—appears to be working out fine. Early this season, Dye decided to convert Roy Dusak from an outfielder to a pitcher.

He sent Dusak to the Rochester Red Wings, a Class B team in the American League, to try for the 41-year-old pitcher as a moundman. In his latest start last night, Dusak turned in a one-hitter, beating Buffalo 6-2.

Onyschuk Tosses 2-Hitter at Vets

Precision extended their lead to one and a half games over second place Legionnaires last night, stopping Anavets on two hits for an 8-0 victory.

In the other senior men's fast-ball contest, Sparring-Davis took a 2-1 win over Moose.

Onyschuk, fresh from a seven-inning, two-hit relief performance Sunday, threw another white-knuckled as he stopped Anavets on two scattered singles.

Once in the third and again in the fourth innings, Anavets threatened to break through and score. Each time Onyschuk left them stranded on third base.

He struck out eight men and walked three.

HOFFSTETTER HOMERS

Ben Hoffstetter, who made a short debut at pitching and then went back to second base, slammed a home run in the third inning.

Sparring-Davis did all their scoring in the first two innings, giving pitcher Jim Macrae a 5-0 lead to work on.

Tonight, at Kingsway park the senior ladies' league swings into action. South Side meets Burns in the opener and Martins clash with Whitekirk in the nightcap.

Orangemen Celebrations Said Best Yet

By the Canadian Press

Canadian Orangemen, stock of their 1949 celebration of the "Glorious Twelfth," put it as one of the most successful years.

The Toronto parade, with a band of 6,500 members, was described by officials of the Orange Lodge as one of the best ever held in that city. It lasted two hours yesterday to pass the city hall cenotaph and was viewed by an estimated 100,000 persons.

DRUMS DISRUPT COURT

In celebration of the 250th anniversary of the Battle of the Marston, the Protestant William of Orange over the Roman Catholic James II, 5,000 lodge members marched in Hamilton, 1,500 in Vancouver, others in a score of communities across Canada.

Supplying music for the Toronto march were 12 pipe and drum bands, 15 pipe bands and three brass bands. The Orange files and drums disrupted proceedings in the Toronto courtroom and won reprimands for four persons.

Almost everywhere, bright and moderately cool weather favored the parades, picnics, sports programs and speeches on the traditions of Protestantism. The weather was especially fine at Kenora, in southern Manitoba, where Manitoba Orangemen held their main celebration.

RISK, because she's dancer by profession and because she has to ride spirited horse in new role, Joan Taylor, 19, now has a pair of \$100,000 legs. Her producer had them insured with Lloyd's of London against injury during shooting of movie. Here, Joan gives a glimpse of her high-riding underpinning. Statistics at the \$100,000 risk: Annie seven inches; calf, 10 inches; thigh, 17 inches; length of leg, 32 inches.

Inside Hollywood

By Bob Thomas

HOLLYWOOD, (AP)—Here's the newest thing under the Hollywood sun—male cheesecake.

Ever since Mack Sennett's bathing girls, Hollywood cheesecake has sold like well, cheesecake. Now it is getting another gender, reports Robert Ryan.

The actor discovered this after starring as the punchy fighter in "The Set Up." It was his first post-war film in which he showed his naked chest. Since then a vast amount of his fan mail asks for his photo, specifying he should be as undraped as possible.

And when he tours the country, photographers have been asking him to do a Gypsy Rose Lee before the shutters click. All this amazes Big Bob.

NO TARZAN

"Heck, I'm no Tarzan," he says, adding with a canny eye to business, "but if that's what they want, I'll give it to 'em."

Ryan hinted the male cheesecake trend might come from a belief that male stars wear falsies, too.

"I think the public has an idea we're blown up with air," he said. "Actually, film actors have better builds than the average American male. They have to. It's part of their business."

To prove his theory Ryan offered the perfect Hollywood male, composed of the best parts of the community.

Neck—Lex Barker
Shoulders—Alan Ladd.

Stocks of Butter, Margarine Show Large Increase

N.B. Act Leaves Newfie Only Place Where Margarine Free

OTTAWA, July 13.—(CP)—Canadian stocks of butter and margarine are increasing at a rapid rate, the Bureau of Statistics reported yesterday.

At July 5, margarine butter stocks in nine Canadian provinces were 131,774 cases, compared with 119,540 cases at the same date of last year.

The increase in butter stocks was 10 per cent, while margarine stocks were up 15 per cent. The increase in butter stocks was due to a combination of factors, including a decline in imports and a rise in production.

The increase in margarine stocks was due to a combination of factors, including a decline in imports and a rise in production.

Reds Slow

Berlin Trucks

Even More

BERLIN, July 13.—(UP)—The

Russians cut western truck traffic

to Berlin still more today, forcing

the west to cancel further truck

shipments of perishable food.

Soviet frontier guards at the

Helmsdorf checkpoint on the super

highway to Berlin prolonged their

"inspection" of Berlin-bound trucks

so that only three an hour were

being cleared.

The Russians had been clearing

four an hour since the start of the

slowdown Sunday.

An estimated 300 west German

trucks carrying food and other sup-

plies for western Germany lined up

for six miles behind the checkpoint

at Helmsdorf awaiting clearance.
